
All teams registered for the 2023 Ilanga Cup Solar Challenge should note the following official updates to the amended Technical Regulations as approved by the Event Director, Robert Walker.

This Team Notice refers to the change and clarification regarding the event format. The regulations and all supplementary event documentation have been amended to align with the event format change from 24 hours to a now 12-hour challenge.

Please note: Headlamps are not compulsory, but all participating solar cars must have daytime running lamps and rear stop lamps.

All changes as per this Team Notice 1.0 will supersede all previous Event Regulations.

Please note all changes relate to the amended Event Regulations of the 2023 Ilanga Solar Challenge taking place at Red Star Raceway in Delmas Mpumalanga

A handwritten signature in black ink, appearing to read "Robert Walker", positioned above a horizontal line.
